

Hail damage can be hard to identify on shingles. Let one of our trained Storm Specialists inspect your roof.

Customer Service is Our #1 Priority

All projects are completed in a professional manner. Our crews work efficiently with most jobs being completed within one week of the contract signing!

Qualified Team of Storm Specialists

Our staff are trained to help identify existing storm damage to your home. They are there to assist you throughout the claim process if your home is damaged to due natural disasters. By representing the home owner, we help ensure that you are getting a fair and accurate assessment. Our team will perform free, no obligation inspections to help identify any damage that an untrained eye could miss

Our Product & Services

Roofing – Specializing in residential and commercial roof replacements.

Siding – Damaged siding can impact your homes curb appeal and value. We offer new insulation on every single siding replacement project.

Gutters & Gutter Guards – Seamless Aluminum Gutters are made with one single panel rather than multiple pieces, reducing the need for future gutter repair.

Certified GAF Installer

GAF is North America's leading supplier of shingles. We stand behind their products and so do they!

Being a Certified GAF Installer means R.L. Groves & Sons offers:

Lifetime Labor & Material Warranty

On all GAF material we install!
